

Minutes 05.02.13 Meeting

Matters Arising

- Roadworks: awaiting Tony Williams to do the work before end of March
- Gwili Terrace: positive developments. Hopefully the work will be completed within a fortnight.
- Public Conveniences: impossible to take decision re: their future, without more info on the cost of their management. Employing staff is the greatest complication: sickpay, holiday cover, pension as well as wages. Currently, it is those that use the Field on the w/e that need the loos and that is when they are closed. Difficult to justify their existence!
- BT Phoneboxes – evidence required of their ownership
- Welsh Water – assurance required that installing lock down covers will not result in sewage overflowing into homes during high rainfall.
- Precept – Council agree that it is to be £22.00
- Village Streetlights – what is the cost of an unit of electricity?
- Helfa Hall Caravans – cease to exist!

Financial Matters

- Narberth Glass paid £30.00
- Hall Hire - £55.00
- Charities – Urdd Gobaith Cymru - £50.00
- Village School celebrations - £250. Proposed by Wyn Thomas and seconded by Elfed Davies

Planning

- Cilgwyn – no objection
- Blaengors – no comments
- Maenllwyd – in favour

AOB

- Carolyn Smethurst – pothole in road between School and Mill; repaired in a minute and unravelled a minute later; what a waste of money
- Caravan in Trebŵl entrance – in hand
- New Bridge – hedge falling away from road leaving a large hole; Councillor Jones has alerted Highways.
- Caravan at Penrhiwfach – more information on validity required.
- Entrance alongside Railway Bridge – was permission sought?
- Sunken manhole cover in Nebo
- Windmill installation on Banc Scythlyn – components to be transported through Village – has account been taken of the Railway Bridge? The road to be closed owing to size of loads. Installation Company need to be made aware of potential difficulties.

Meeting minutes and agendas – a week's notice preferred!
